

“This mammoth facility was the first LEAN constructed project for BakerTriangle.”

Deloitte University

Location: Westlake, Texas
 Builder: Turner Construction
 Architect: Gensler
 BT PM: Matthew Clark
 BT Estimator: Tom Wisdom
 Scope: Acoustical Ceilings, Wood and drywall 'Cloud' Ceilings, Stucco, drywall and Quarried Thin Stone.

Deloitte University's nearly 750,000 square foot campus was built on 107 acres in Westlake. The learning and leadership development facility features 35 classrooms and informal learning spaces; a variety of meeting rooms and conference facilities; 800 onsite guest rooms; networking space, dining and social venues.

This mammoth facility was the first LEAN constructed project for BakerTriangle. BIM was utilized and coordinated with Turner Construction. Turner is seeking LEED Gold certificate for this facility. BT utilized sustainable products such as Temple Inland's GreenGlass exterior sheathing, a 90% recycled product. Almost 3 million square feet of drywall was installed on Deloitte. Approximately 1500 RFIs were issued during construction.
